How do you normally make fried foods, like chicken nuggets?

TOP FEATURES

1

AIR FRY

Air Fry allows you to make your favorite fried foods with a crispy-on-the-outside, juicy-on-the-inside taste using little to no additional oil. Just toss wings, fries or nuggets into the 13" x 18" stainless steel basket included in your range for crisp results, and after eating, toss the basket into the dishwasher for easy cleanup.

2

DISHWASHER-SAFE AIR FRY BASKET

Just toss your favorite foods into the 13" x 18" stainless steel basket included in your range for crisp results, and after eating, toss the basket into the dishwasher for easy cleanup.

3

FAN CONVECTION COOKING

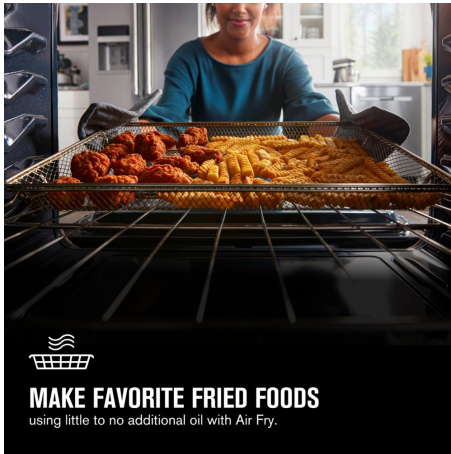

With two heating elements, fan convection circulates hot air around the oven so you can cook the whole meal at once without having to rotate your dishes for all around baking.

DID YOU KNOW?

37% of homes have air fryers as of July 2020*

HOW TO DEMONSTRATE

AIR FRY

Remove the included Air Fry Basket from the range demonstrating how the hot air circulates around the air fry basket. Then show customers how easy it is to place inside their range.
